IHCP to mass reprocess or mass adjust claims for HCPCS code J1610 that denied incorrectly

The Indiana Health Coverage Programs (IHCP) has identified a claim processing issue that affects certain fee-for-service (FFS) claims for Healthcare Common Procedure Coding System (HCPCS) code J1610 – *Injection, glucagon hydrochloride, per 1 mg*. FFS claims for J1610 with dates of service (DOS) on or after January 1, 2019, may have denied incorrectly for explanation of benefits (EOB) 4300 – *Invalid NDC to Procedure Code combination*.

The claim-processing system has been corrected. Claims or claim details processed during the indicated time frame for code J1610 that denied for EOB 4300 will be mass reprocessed or mass adjusted, as appropriate. Providers should see reprocessed or adjusted claims on Remittance Advices (RAs) beginning February 10, 2021, with internal control numbers (ICNs)/Claim IDs that begin with 80 (reprocessed denied claims) or 52 (mass replacements non-check related).
